

## **Youth RISE UHC issues for YPUD and other young ISPs Consultancy**

### **Background**

Young people who use drugs (YPUDs) and other inadequately served populations (ISPs) are affected by a wide range of issues related to Universal Health Coverage (UHC). Many of these have been emphasized by the current pandemic. As a result, this consultancy seeks to identify key issues and advocacy opportunities in the area.

### **Tasks**

Youth RISE is looking to hire a consultant to develop a report on UHC issues affecting YPUD and other intersectional young ISPs such as young LGBTQIA+, young people living with HIV, young sex workers etc. The consultant will conduct a review of the literature and identify key issues with our partners to produce a report which:

- Outlines UHC issues for young people who use drugs;
- Outlines UHC issues for other young ISPs;
- Outlines UHC issues for young ISPs as a result of pandemics;
- Provides recommendations on key advocacy areas and mechanisms to address these issues.

### **Essential Skills and Experiences**

- Experience working with YPUD and other young ISPs;
- Knowledge of UHC related issues as they related to ISPs;
- Experience working on HIV-related topics;
- Experience writing and developing reports.

### **Timeframe and Budget**

A report will be completed no later than Monday December 21st. 3000 USD is available for this work.

### **Applications**

Please submit a CV and cover letter to Florian Scheibein ([florian@youthrise.org](mailto:florian@youthrise.org)) by Sunday November 8th.
